ENDLESS™ POOLS

YOUR SPACE. YOUR PACE.

Swim Spas Collection

The Endless Pools Difference

A SMARTER, MORE VERSATILE WAY TO LIVE WELL.

Endless™ Pools strives to provide the best experiences, the highest quality, and the latest technology with products that transcend the idea of what home fitness and fun can be. Enjoy all the benefits of pool ownership, as you swim, splash, relax, and recover, all year round, from the convenience of home. Our compact swim spas install easily, with numerous sizes available to suit your available space. With over 3 decades of exciting innovations for active fun and exercise, you will delight in so many unique new enhancements to your lifestyle. Endless Pools provides exceptional value with products that exceed your expectations for style, versatility, and ease of use.

Expertise & Innovation

HOW WE MAKE SWIM SPAS EXCEPTIONAL.

Endless Pools Swim Spas provide an unparalleled swimming and recreation experience with a stylish, smart-sized design to suit your space and your lifestyle. Choose from nine distinctive models, each thoughtfully designed to offer the fun and function you are looking for in one easy-to-install, simple to own, and stunning package.

Why Choose Endless Pools?

ADVANCED TECHNOLOGY POWERS UP FITNESS AND FUN.

For decades, competitive swimmers, coaches, and triathletes have benefited from Endless™ Pools commitment to quality and innovation. The same technology that powers the training regimens of some of the world's top athletes has been engineered for our swim spas, making them the optimal choice for family fun, relaxation, recreation, and fitness in over 85 countries.

Endless Pools Swim Spas are available with a variety of current options, including Hydrodrive™ Technology — our smoothest current available. Choose your pace, from a gentle flow to a challenging sprint. Even at top speed, the current remains smooth and comfortable.

For one-of-a-kind, low-impact exercise that is easy on your joints and muscles, try our optional underwater treadmill. The experience is like no other! Whether you are staying in shape or rehabbing an injury, our fully submerged hydraulic treadmill can be added to our E-series swim spas for a fun and effective way to run, walk and exercise in water.

Bring The Power of Water Home

WELLNESS ON YOUR TIMELINE.

Swimming and water-based exercise offer a wide variety of physical and mental wellness benefits. It is no surprise that so many people prefer the temperature-controlled, low impact experience of working out in a pool.

Endless Pools Swim Spas are the smart choice for homeowners who want the convenience of a low-maintenance, all-purpose pool option. With an Endless Pools Swim Spa at home, workouts and active family time can be easily incorporated into even the busiest routine.

With options suited for family recreation, fitness training, and everything in between, our products are a valuable investment in your lifestyle and your home, making it easy to fit wellness into your life.

Simply Clean Water

WE MAKE WATER CARE EASY, SO YOU CAN ENJOY WHAT MATTERS MOST.

UV-C (Ultraviolet-C)*

- Our UV-C system uses ultraviolet light to sanitise water so you can enjoy a clean, safe swim spa with less chemicals. The water feels fresh, natural and is gentle on skin and eyes. Available as an option in E- and X-Series Swim Spas.

CD Ozone (Corona Discharge Ozone)*

- Our CD Ozone oxidises water while reducing the demand for chemical sanitisers like chlorine. Available as an option in R-Series Swim Spas and on the spa side of E2000 and X2000.

** Please check with your local dealer for availability.*

Hydrotherapy

OUR HYDROTHERAPY JETS PUT THE "SPA" IN SWIM SPA!

Sit back and relax in the contoured comfort of our spa seats as warm, soothing jets dissolve away stress and tension. Endless™ Pools Swim Spas are the perfect space for fun and entertainment with friends and family, while also providing the ideal environment for a revitalising self-care ritual!

Explore Three Distinct Swim Spa Collections

TECHNOLOGY AND OPTIONS TO FIT YOUR LIFESTYLE.

With an Endless™ Pools Swim Spa, you can enjoy swimming, water-based workouts, hydromassage, and family fun, all in one beautifully designed package. With nine models to choose from, there is one that is the perfect match for you. Our premium E-Series, with its wide, smooth, Hydrodrive™ current system is a swimmer's dream come true. The popular X-Series provides fitness and fun for active families. And, R-Series with family ready functionality make it possible to have Endless Pools quality at an affordable price.

PREMIUM E-SERIES

POPULAR X-SERIES

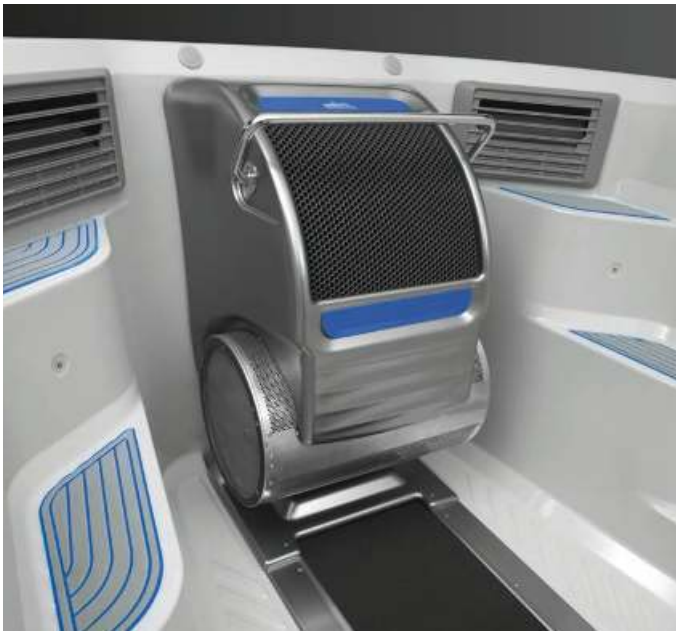
VALUE-PACKED R-SERIES

E-Series

With Hydrodrive Technology

ELEVATE YOUR EXPECTATIONS.

Endless™ Pools E-Series Swim Spas are the right choice for anyone who is serious about wellness. Swimmers, athletes, weekend warriors, and active families can challenge themselves with the Hydrodrive™ current system and underwater treadmill (optional), or relax and enjoy the warm water and hydrotherapy in any of the E-Series Swim Spas.



ENDLESS POOLS

X-Series

With SwimCross Technology

UNBELIEVABLE PERFORMANCE. INCREDIBLE VALUE.

The X-Series is a perfect choice for exercise, recreational swimming, and quality family time. Adjust the SwimCross® jetted current to enjoy an invigorating swim or low-impact resistance workout, at your pace! Four jets provide lift and resistance, without the introduction of air, to provide an ideal jetted current experience.

R-Series

With RecSport® Technology

VERSATILE, AFFORDABLE FAMILY FUN.

This compact, all-in-one swim spa features a jetted current ideal for recreation and exercise. For those who want the quality of Endless™ Pools at an affordable price, each model's layout is thoughtfully designed for family use, providing ample seating and space for maximum fun! Make the smart choice with R-Series — where value meets quality.
