DEALER NEWS

April 29, 2024

Replacement Cover Discontinuation – Older Than 20 Years

As part of our commitment to providing exceptional customer and product support, Watkins Wellness continues to support all Hot Spring Spas products (Highlife®, Limelight®, Hot Spot®, Tiger River®, and Solana®) for a period of twenty (20) years from the date of manufacture.

Effective immediately, all cover and encasement offerings for spas older than 20 years are discontinued.

Due to low volume, all covers and encasements in Green or Mocha vinyl will also be discontinued at this time. We will, however, continue to make available a suitable replacement in a different vinyl color to support spas manufactured within the past 20 years.

Replacement Cover Discontinuation – Older Than 20 Years

As part of our commitment to providing exceptional customer and product support, Watkins Wellness continues to support all Hot Spring Spas products (Highlife®, Limelight®, Hot Spot®, Tiger River®, and Solana®) for a period of twenty (20) years from the date of manufacture.

Effective immediately, all cover and encasement offerings for spas older than 20 years are discontinued.

Due to low volume, all covers and encasements in Green or Mocha vinyl will also be discontinued at this time. We will, however, continue to make available a suitable replacement in a different vinyl color to support spas manufactured within the past 20 years.

2020-CURRENT HOT SPOT WEATHERPRO COVERS

All covers come standard Front-to-Back, with the exception of the Stride model.
